MADE IN USA COMPLIANCE

Arecont Vision cameras are Buy American Act (41 U.S.C. §§ 8301-305) and Federal Trade Commission Made in USA compliant with few exceptions. Arecont Vision is compliant with the "Presidential Executive Order on Buy American and Hire American" for manufactured goods ([click to view online at whitehouse.gov](#)), as signed on April 18, 2017.

Arecont Vision MegaBall, MegaDome, MegaVideo, MegaView, MicroDome, and SurroundVideo megapixel camera series are Made in USA compliant. [Download the compliance statement here](#). Contact Arecont Vision for more information on product and accessory compliance.

Arecont Vision is a Registered US Federal Contractor.

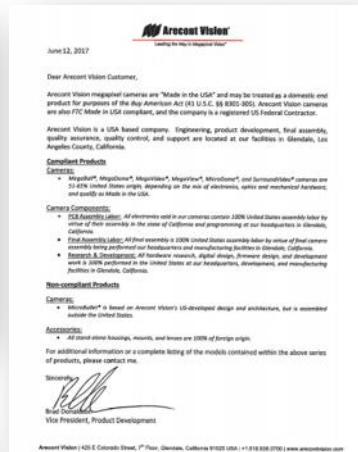

AMERICAN-MADE QUALITY AND DESIGN

For customers in the United States, if you are planning video surveillance camera purchases, please select your designed and built in the USA choice, Arecont Vision.

Customers outside the United States can trust Arecont Vision for award-winning products and customer service proven worldwide for true Made in USA quality and innovation.

White Paper

Editorial Coverage

Arecont Vision® Cybersecurity Protection

- Arecont Vision cameras have never been reported as being used in any cybersecurity attacks
- Should a hacker gain access to an Arecont Vision camera, or obtain the user ID and 16-digit ASCII password to log into the camera, the attack would only impact that device.
- A successful hacker or virus attack could access the camera webpage and change individual camera settings or take it off line.

Product Development Update

Brad Donaldson

VP, Product Development

+1.818.937.0484 x 437 | bdonaldson@arecontvision.com

Leading the Way in Megapixel Video™

New Features:

- SNAPstream
- Multi-stream support improvement
- Onvif Profile S support
- White balance improvement (WB2.0)
- New color correction
- WDR improvement
- Digest authentication
- New upgrade method: combined file(hw+fw) upgrade(.av)
- Port filtering
- Cyber security improvements
- 802.1x
- New web interface

Port filtering

Allows user to specify which ports the camera listens or accepts commands or stream requests from.

Port Filter

- ☒ Enable NTP
- ☒ Enable TFTP
- ☒ Enable MDNS

Digest Authentication

AKA Digest Hash

AKA CHAP (Challenge-Handshake Authentication Protocol)

Adds the ability to authenticate the camera to VMS using cryptographic hash function and a secret cryptographic key.

SNAPstream™

Smart Noise Adaptation & Processing

- Smart H.264 Codec Enhancement
- Updateable on Most Legacy Cameras
- Reduces Bandwidth Without Impacting Image Quality

Learn about Arecont Vision products at: <http://www.arecontvision.com/categories.php>

- Two popular promotional programs from 2017 have been renewed thru end of Q1 2018

Arecont Vision 30-day Try and Buy Program

Extended by Popular Demand!

Due to popular demand, the TRY & BUY Program is extended through **March 31, 2018**. The TRY & BUY Program allows an integrator to install any of the MegaDome® 4K, MegaVideo® Flex, SurroundVideo® G5, SurroundVideo® Omni G2 or G3 cameras in a customer environment at no risk, and at special introductory pricing. Arecont Vision® is so confident that customers will want to keep the camera that if the customer is not completely satisfied, the camera can be returned for a **full refund**!

- Try one of our newest cameras, for 30 days. If not completely satisfied, return for a full refund

The Arecont Vision® Trade Up Promotion

Trade Up previously installed professional megapixel cameras from Arecont Vision or competitive vendors* such as Avigilon, Axis, Bosch, Hanwha Samsung, Hikvision, Pelco, Sony, and more to earn big rebates!

- Qualifying box cameras earn a **\$50 rebate**** for a new MegaVideo® purchase
- Qualifying bullet cameras earn a **\$100 rebate**** for a new MegaView® purchase
- Qualifying dome cameras earn a **\$100 rebate**** for a new MegaDome® purchase
- Qualifying PTZs and multi-sensor cameras earn a **\$300 rebate**** for a new SurroundVideo® purchase

- Trade in previously-installed Arecont Vision or qualifying competitor megapixel cameras toward new Arecont Vision models

<https://www.arecontvision.com/landing-pages/promos/overview.php>

The Arecont Vision 1st Quarter 2018 Promotion

Promotional Pricing from January 15, 2018 through March 31, 2018

Arecont Vision announces the 1st Quarter 2018 Promotion. This limited-time incentive program offers special pricing on select Arecont Vision products throughout the sales quarter.

How the Instant Discount Works:

1. Distributor sends POs to Arecont Vision for the products listed above, while supplies last.
2. The PO must state "1st Quarter 2018 Promotion".
3. The distributor should list the appropriate Q1 Promo discount on the PO. Call your Arecont Vision Regional Sales Manager or Inside Sales Manager pricing details.
4. POs should be received between 1/15/18 - 3/31/18.
5. POs received after 3/31/18 will be at normal discount levels (D1-5) or registration pricing.
6. No ship and debit, cost deviation, or other crediting process will be accepted. All discounts must be applied upon submission of the purchase order.
