

1 November 2018

Dear Customer or Partner:

This is an exciting time for the new **Arecont Vision Costar, LLC**, a division of **Costar Technologies, Inc.** (OTC Markets Group: CTSI). We have financial stability with new ownership, an experienced team, proven R&D, and outstanding products.

Arecont Vision Costar is an entirely new business that was launched on July 13, 2018 by Costar Technologies, Inc., and is not associated with the predecessor company or its continuing communications regarding Chapter 11.

We are excited that the majority of assets of the original Arecont Vision, LLC were acquired by Costar Technologies, Inc. as part of the purchase, including all products, patents, trademarks, and technology. Purchases from the original Arecont Vision or an authorized partner maintain their warranty support through the original warranty period.

The executive team and most employees at time of purchase by Costar Technologies, Inc. transitioned to the new Arecont Vision Costar, LLC. Costar designs, develops, manufactures, and distributes a wide range of proven products for the video surveillance and machine vision markets, and Arecont Vision Costar is now a key component of our corporate parent's business.

The original company, Arecont Vision, LLC, launched a voluntary Chapter 11 process on May 14, 2018 to clear its debt load and to facilitate the sale of company assets. Various notices to parties that have engaged in business with Arecont Vision, LLC will continue to be sent via U.S. mail until the Federal Chapter 11 case is closed and the original business winds down its remaining operations, and as such you may receive some of these messages.

For more details on the new company, see the *Arecont Vision Costar Announces New Beginning* press release - <https://tinyurl.com/y9hlj2qt> - and the *Arecont Vision Costar Fact Sheet* - <https://tinyurl.com/y98cnr66>.
