

MADE IN USA COMPLIANCE

Most Arecont Vision Costar products are **Made in USA qualified** and may be treated as domestic end user product for purposed of the **Buy America Act** (41 USC §§ 8301 – 305).

Many Arecont Vision Costar products are also **FTC Made in USA compliant**, and compliant with the **Presidential Executive Order on Buy American and Hire American** (April 18, 2017).

We are an American company. Arecont Vision Costar, LLC is headquartered in Glendale, California. The company is a business unit of Costar Technologies, Inc. (OTC Markets Group: CSTI), based in Coppell, Texas.

Specifics of our Made in USA qualified and non-qualified products are listed below.

COMPLIANT PRODUCTS

Megapixel Cameras

Arecont Vision Costar MegaIP™-series single-, dual-, & multi-sensor megapixel cameras, including the **MegaBall**[®], **MegaDome**[®], **MegaVideo**[®], **MegaView**[®], **MicroDome**[®], and **SurroundVideo**[®] families, are qualified as Made in USA.

MegaIP™ models qualify with 51-65% USA origin, varying on the mix of electronics, optics, and mechanical hardware per model.

- **PCB Assembly Labor**: All electronics sold in the qualifying MegaIP™ series contain 100% US assembly labor by virtue of their assembly in Los Angeles County, in the State of California, and with programming at our Duarte, California manufacturing facilities.
- **Final Assembly Labor**: The MegaIP series assembly qualifies as 100% US assembly labor performed at our Duarte, California manufacturing facilities.
- **Research and Development**: All hardware and software research, digital design, firmware design, and development work for the MegaIP™ series camera family is performed in the United States of America at our Glendale, California headquarters and engineering center, Duarte, California manufacturing facilities, or at the Costar Technologies, Inc. Advanced Technology Center in Clovis, California.

Some exceptions do apply; see the NON-COMPLIANT PRODUCTS list for specific models.
