

Quick Start Guide

ZEIM-4000193G A.7 725

Please read this manual thoroughly before use, and keep it handy for future reference

IP67, Vandal- proof Housing And Bracket

• Connections and setup

- 1. Lens(Optional)
- 2. Stand : Loose side screws of stand, fix tightly the screws for camera on stand, then fix the side screws after camera is set up
- 3. Camera(Optional): Suitable dimension is less than 210 x 70 x 90 mm
- 4. Heater board: Designed for AC input and remote control function.
- 5. Gland: 3 gland and spacer (in the accessory) could be used selectively. Attention, please lock the 3 glands tightly to ensure waterproof. *Note:*
- 1. Model of AC90-260V does not contain a blower but Model of AC24V does. Model of AC90-260V is equipped with a connector board (refer to figure right) instead of heater board connection for Model of AC24V
- 2. For camera of DC12V only, additional adaptor is suggested.

Dimension

The values are in millimeters.
