Arecont Vision® Earns SSI Award for Stellar Service

Company Honored for Outstanding Customer Service in Security Sales & Integration Magazine Poll

SSI's Supplier Stellar Service Awards

Los Angeles, CA (July 21, 2015) – [Arecont Vision®](http://ArecontVision.com), the industry leader in [IP-based megapixel camera technology](#), has been named as a Security Sales & Integration (SSI) Supplier Stellar Service Award winner in the category of Customer Service. The Award is based on votes by security dealers and integrators to recognize providers that deliver the highest levels of service and support across a broad range of areas.

“This award is an endorsement of Arecont Vision’s commitment to outstanding customer service and we are honored by the recognition,” said Scott Schafer, Executive Vice President, Arecont Vision®. “Arecont Vision® is the leader in IP megapixel camera technology and I am proud to say we are also a leader in customer service.”

The award was presented during a special presentation from the show floor during the Electronic Security Expo (ESX) 2015 in Baltimore, MD, June 24-26, 2015.

Arecont Vision® offers the industry’s most comprehensive line of megapixel cameras, ranging from compact single sensor 1.2MP cameras to multi-sensor panoramic cameras with up to 40MP resolution. Arecont Vision® cameras are further differentiated by their innovative processing capabilities and features, such as STELLAR™ (Spatio TEmporal Low Light ARchitecture) technology which dramatically increases low light color imaging performance.

Arecont Vision's commitment to reliability, quality, and performance continues to drive high levels of satisfaction with both our valued channel partners and customers around the world.

ABOUT ARECONT VISION®

Arecont Vision® is the leading manufacturer of high-performance megapixel IP cameras. Arecont Vision® products are made in the USA and feature low-cost massively parallel image processing architectures MegaVideo® and SurroundVideo® that represent a drastic departure from traditional analog and network camera designs and are now in their 5th generation. All-in-one products such as the MegaDome®, MegaView®, MegaBall®, MicroDome® and D4F/D4S/D4SO series provide installer friendly solutions. True Wide Dynamic Range (WDR) and remote focus/remote zoom enhance camera utility. Compact JPEG and H.264 series cameras address cost sensitive applications.
